She's like  
Something indescribable  
Yeah  
Dangerously  
Her looks are unbelievable  
Yeah

And I wanna  
Wanna grab her by her hips and  
See if she can forward instead  
She's so close from me  
Got me really turned on when she  
Pushes herself against me  
Then I whisper in her ear

Let's get a little closer girl  
Get a little closer you and me  
Let's get a little closer girl  
Get a little closer you and me  
A little closer girl (x3)  
Closer girl

At first  
To me she looked so innocent  
Lucky for me  
She turned out someone different

And I wanna  
Wanna grab her by her hips and  
See if she can forward instead  
She's so close from me  
Got me really turned on when she  
Pushes herself against me  
Then I whisper in her ear  
Let's get a little closer girl  
Get a little closer you and me  
Let's get a little closer girl  
Get a little closer you and me

You got me fallen  
Fallen for you my love  
You my love

We don't need to be spotted  
Cause we've got the chemistry to know  
Where it's gonna go from here

Wanna grab her by her hips and  
See if she can forward instead  
She's so close from me  
Got me really turned on when she  
Pushes herself against me  
Then I whisper in her ear

Let's get a little closer girl  
Get a little closer you and me  
Let's get a little closer girl  
Get a little closer you and me  
Let's get a little closer girl  
Get a little closer you and me  
Let's get a little closer girl  
Get a little closer you and me

A little closer girl (x3)  
Closer girl.
