You were like
My soul I couldn't live a day without you
Staying with you were nothing that I had to do
You told me that I was the one for you
I ain't like them other dudes I know wath I gotta do
And you know what happened
You took me for a fool let me say
Always knew that thre ws something curious
Now I gotta live wihout yo girl

After being together
Thought that was forever
I guess I got it all wrong now yogotta go girl
After being together
Thought that was forever
You played me like I was a game

Can you get your stuff and get them out
Can you get your stuff and get them out
Coz I'm tired off all them lies
Can you get your stuff and get them out
We will never get noummer love 'coz now
I loved u
We will never get noummer love 'coz now
I loved u
Ouh ouh ouh ouh...

First off all
I thoughtthere were no other girl like you
You didn't act right with me now it's all on you
Let me be the guy who will show you
I ain't like them other dudes you know what
I gotta do
You were like my flesh my blood my breath you
Made mebetter Oh
I saw in your eyes when we had to fuck together
Oh
That you were not with me anymore

After being together
Thought that was forever

I guess I got it all wrong now
After being together
Thought that was forever
You played me like I was a game

Can you get your stuff and get them out
Can you get your stuff and get them out
Coz I'm tired off all them lies
Can you get your stuff and get them out
We will never get noummer love 'coz now
I loved u
We will never get noummer love 'coz now
I loved u
Ouh ouh ouh ouh...

Can you get your stuff and get them out
Can you get your stuff and get them out
Coz I'm tired off all them lies

Can you get your stuff and get them out
We will never get noummer love 'coz now
I loved u
We will never get noummer love 'coz now
I loved u
Ouh ouh ouh ouh...

I hate you so much right now

Can you get your stuff and get them out
Can you get your stuff and get them out
Coz I'm tired off all them lies
Can you get your stuff and get them out
We will never get noummer love 'coz now
I loved u
We will never get noummer love 'coz now
I loved u
Ouh ouh ouh ouh...
