Dissipate your every mood
I got nothing left to prove
Something, something I can't explain
Ça fait longtemps qu'on s'tourne le dos
Tu me dis rien A quoi tu joue
T'es babe Quand j'te vois c'est caliente
Un rendez-vous ce soir
Crossing all the lines, taking an chance
Doing what we need to feel alive
And I feel so right...
Come and do it now, we got to scream, scream all
night

(It's alright), don't be afraid don't hesitate now
(Feels right), let's take it now don't wait for later
(Tonight), and if it feels right just let it go
And if it's alright you got to let it flow
(It's alright), don't be afraid don't hesitate now
(Feels right), let's take it now don't wait for later
(Tonight), and if it feels right just let it go
And if it's alright you got to let it flow

Tu souris quand j'te tourne le dos
Mystérieuse t'es dans la peau
Baby, si on arrêta d'jouer
I only care about today, tomorrow is too far away
Let's take it, and run run away with me
Un rendez-vous ce soir
Crossing all the lines, taking any chance
Doing what we need to feel alive
Yeah it feels so right...
Si tu veux de moi je veux t'entendre crier crier

(It's alright), Elle est trop belle son corps m'appel
(Feels right), Elle est trop haouw elle a s'que j'aime
(Tonight), Elise pardonne-moi si j'perd mes mots
Si tout comme moi tu crois you got to let it flow
(It's alright), Elle est trop belle son corps m'appel
(Feels right), Elle est trop haouw elle a s'que j'aime
(Tonight), Elise pardonne-moi si j'perd mes mots
Si tout comme moi tu crois you got to let it flow

Dis-moi s'en est tout, c'que t'attends d'moi c'est j'fais
quoi
Fin d'l'histoire et j'm'en vais pas
I know I want you, what I got for you is love
I got love, love, love, love...

(It's alright), Elle est trop belle son corps m'appel
(Feels right), Elle est trop haouw elle a s'que j'aime
(Tonight), Elise pardonne-moi si j'perd mes mots
Si tout comme moi tu crois you got to let it flow
(It's alright), don't be afraid don't hesitate now
(Feels right), let's take it now don't wait for later
(Tonight), and if it feels right just let it go
And if it's alright you got to let it flow

Elle est trop belle son corps m'appel
Elle est trop haouw elle a s'que j'aime
Elise pardonne-moi si j'perd mes mots
Si tout comme moi tu crois you got to let it flow
(It's alright), don't be afraid don't hesitate now
(Feels right), let's take it now don't wait for later
(Tonight), and if it feels right just let it go
And if it's alright you got to let it flow

(It's alright), Elle est trop belle son corps m'appel
(Feels right), Elle est trop haouw elle a s'que j'aime
(Tonight), Elise pardonne-moi si j'perd mes mots
Si tout comme moi tu crois you got to let it flow
(It's alright), don't be afraid don't hesitate now
(Feels right), let's take it now don't wait for later
(Tonight), and if it feels right just let it go
And if it's alright you got to let it flow
