Hook:

Freaky, freaky girl, won't you shake it shake it for me  
baby

Freaky, freaky girl, won't you shake it shake it for me  
one time, time, time, time

Ohh, she's hot like fire

She's every man's desire

Like the way she's moving my way

I can tell she wanna play, play

Reffrain:

She wants to play, she wants to play, play, play, play

Baby, I love it when you act don't need a flirting

You make me wanna getting on it dirty

On the floor, on the floor

Let's get naughty, let's get naughty

You and I, na na na (2x)

Now we so drawn to each other

And this temperature gets hotter

Oooh, uuuh, fo sho, for sure

This is mutual attraction

You've showing me

Some of that sensual seductions

(Reff)

Freaky, freaky, girl, I want ya, I want ya

I want you so bad and you make me so bad

Ain't no exception

Freaky, freaky girl, I want ya, I want ya

She wants to play with me

Coz I got things you see

She wants to play (she wants to play with me), I think

she's fine, fine, fine, fine

She wants to play, so I say fine, fine, fine, fine
