Who knows what's right?  
Lily, you don't have to  
When you see the moon  
You trust it's light

The crickets sing loud  
Lily, you can hear it  
In their voices  
How you've made them proud

At the top of your voice  
There's no doing wrong, I swear  
Lily, you be just who you are

At the top of your voice  
There's no doing wrong, I swear  
Lily, you be just who you are

Don't keep appointments  
With disappointment  
Hiding in a hiding place  
You don't have to look away  
Mississippi brings new water every day

Look at the sun  
How it glows in a million waves  
Lily, there are just as many ways

At the top of your voice  
There's no doing wrong, I swear  
Lily, you be just who you are

Southern sky  
Lily, you're connected  
To the stars  
And to the world tonight

The night is fair  
Lily, it can promise  
That the next day there'll be  
So much there
