Matt Pryor
"Thank You For Healing Me"

The disease of my soul was spreading,
Eating me up on the inside,
Keeping my heart from your new life.
And I see now where I was headed
For there is no cure that can save us,
Outside of Your mercy Lord Jesus.

Yes, You stepped in with Your power to save,
Let forgiveness reign,
Worked a miracle within.

Thank you for healing me;
I was dying beneath my shame
But You brought me to life again, and I will sing:
Thank you for freeing me
I was dead to the truth of You,
But my healing was in Your wounds, and now I sing:
Thank you for healing me.

Though outwardly I may waste away,
On the inside I?ll be more alive every day.
As I walk through times of pain and grief
There?s a deeper truth inside of me...
You have placed Your life inside of me.

I?m alive, I?m alive.
I?m alive, I?m alive in You.
Thankyou for healing me.
