Everybody's looking for somebody  
But I can't find nobody for me  
Oh no  
I'm just lonely  
But I'm not desperate  
But I'm at my last wits  
Getting tired of mingling with all these soon to be  
friends

Well I wanna be crazy  
In love baby  
Get that rush of love just holding your hand  
I wanna be crazy  
In love baby  
Get that rush of love just holding your hand

But they you walked in  
And you caught me glancing  
I saw you dancing all alone  
So I put my game on  
I still got my name wrong  
Somehow we stayed up all night  
We talked till dawn

And maybe you're made for me  
And maybe we're meant to be  
But like everyone says  
Let's just wait and see  
But maybe you'll meet me  
And maybe' we're meant to be  
But like everyone says  
Let's just wait and see

I guess patience is the key  
When looking for love you see  
Above all other things  
Must be ready to take it slowly  
I guess patience is the key  
When looking for love you see  
Above all other things  
Must be ready to take it slowly

Well I wanna be crazy in love, baby  
Get that rush of love  
Just holding your hand  
Maybe you're made for me  
Maybe we're meant to be  
But like they all say  
Let's just wait and see
