it's time to slow down  
it's time to close your eyes  
leave your worries and your troubles all behind  
it's been a long day  
but you've seen it coming on and it's gone  
you started off today  
wanna make a change  
tired of living tihs life in the same way  
you wanna move on but someone is keeping you down  
and that mirror it don't tell liars  
your youth is passing you before your eyes  
and everyday you search for hope  
but you already know you gotta let it, gotta let it go  
gotta let it gotta let it go  
if you want someone to love you like there's no  
tomorrow  
you gotta let it go  
been held down since you said 'ok'  
it's time to grow now  
time to change your ways  
and losing love is hard to bear  
but there's someone who wants to share what you love  
but you gotta let it gotta let it go  
gotta let it go gotta let it go  
if you want someone to love you like there's no  
tomorrow  
you gotta let it gotta let it go  
gotta let it gotta let it go  
if you want somone to love you like there's no more  
tomorrow  
let it go
