You left me in the rain  
Covered in my pain  
Oh, what a shame you had to end this thing  
And nothing remains but the memories the memories  
of you and me  
You're just another 'used to be'  
A 'used to be' that I loved

And now there's no one to talk to  
And no one to cling to  
And no one to sing to

Now I'm alone  
Alone and without you

Everything seemed fine  
Not a cloud in the sky  
The sun always shined  
When I had you by my side  
Never too careful  
Didn't expect to find  
That last night was my last goodnight  
And today I said my last goodbye  
Goodbye to the one I loved

And now there's no one to talk to  
And no one to cling to  
And no one to sing to

And now I'm alone  
Alone and without you

Cause I never thought I'd find someone like you  
Somebody who could treat me like you do  
And I never thought all of this could make sense  
But it makes perfect sense  
Of me having you  
So why don't it do the same for you  
Oh you broke my world and made it blue  
So blue without you

I never thought I'd find someone like you  
Somebody who could treat me like you do  
And I never thought all of this could make sense  
But it makes perfect sense  
Of me having you  
Oh, having you
