Hot summer wind blowin' across the field  
Grass a-waving, me I'm waiting with my reel  
And we'd head on down to the fishin' hole,  
We may be there all afternoon  
And we'll talk to you later, talk to you later  
See you soon

And we wish away the days  
We wish away the days  
We wish away the days  
We wish away the days

Wake up early morning sunrise on the way  
Get out before it's hot, it's time to play  
Everyone's dancing, everyone singing, it's that time of  
the year  
Fireworks a-crackin, me I'm laughing, aw, lookie here

And we wish away the days  
We wish away the days  
We wish away the days  
We wish away the days

We'd set up lemonade on the side of the road  
You'd always stop by it was on your way home  
Fifty cents for a cup you'd leave me the change  
You'd say, "have a good one"  
I'd bid you the same

We'd wish away the days...in the summer time
