"Without You"

Its been so long
Since Ive seen you
and I miss your smile
and I miss your face
cause you haven't been around my place.
Its been so long
Since Ive seen you
and i miss the smell of your skin and your hair
and the way you genuinely care for me.
And I dont want these feelings to change
I want our love to always remain
because without you I wouldnt be the same.
Without you.
And I can't explain how I feel inside
Everytime i try to tell you, my words always fall short
of showing you what you mean to me, yeah.
And I cant explain how i feel inside
the way you mesmerize me, and how you hypnotize me
with your eyes, with your eyes.
And I dont want these feelings to change
I want our love to always remain
because without you I wouldnt be the same.
So dont ever run away
here beside me is where you will stay
cause without you i could not remain.
Without you.
