I know you're alone  
In the dark, all alone  
Underneath the covers  
Hiding from the demons  
That came for your soul.

They might be over in the closet  
They might be underneath your bed  
They might be just outside your window, baby  
Or maybe just inside your head.

But if you let me stay over  
I'll try to keep you safe  
I've got an army of skeletons  
To chase your demons away.

I know that you're scared  
You're in the dark, so scared  
Simply terrified, no one'll hear you screaming  
If they could would they care?

There's only one way to find out  
I pray that day never comes  
For that would mean the ending of you, baby  
The end of you, my love.

But if you let me stay over  
I'll try to keep you safe  
I've got an army of skeletons  
To chase your demons away.

And baby, I can tell you've been crying  
Oh baby, I know you've been lying to me  
Yes indeed.  
Oh baby, I can tell you don't sleep no more  
Oh baby, believe me I've been there before.

If you let me stay over  
I'll try to keep you safe  
I've got an army of skeletons  
To chase your demons away.
