At one

I was sitting and thinking of all the beautiful things he  
could have become  
Instead of a lyrical oracle and I'm the most appreciative  
one  
'Cause I'm in a world of my own when I'm into it I don't  
want anything else  
And nothing can bother me when I'm inside of it cause  
I'm outside of myself

Midnight Marauder spinning on my stereo  
Mr. Desmond Dekker has a crown made of gold  
The kids are alright  
A what-a what I hear  
London calling  
But I have no fear  
Ms. Ella Fitzgerald got no peer  
A Music sweet music make the truth so clear  
Classics of love make a dark day light  
If you don't believe the words then just look into their  
eyes

Chorus:

Sun-Shining, Sun-Shining, Sun-Shining-Shining down  
On a cloudy day  
I know those songs gonna last forever  
That's what I say!

At two

I'm running around in my mind and my mind's a  
fucking zoo  
One of the ones under the gun wondering "what do I  
do?"  
Ever feel the same way? Slave to the brain wave  
Brave if you pave ways through to the true you?

If you take me out, please don't forget to take me  
home  
If you take me to a party, please don't forget the  
microphone  
If we take my car, then please don't try to touch the  
radio

'Cause the midnight sun is burning bringing peace into  
my soul!

Chorus

Callin'  
Callin'

Now I'm listening  
To the classics of love  
Tn the day and night  
You got the power  
Radiate and fade  
You got the vibe  
Make you feel alright  
Come on!

Chorus
