I fall asleep without you
And I wake thinking about you
And I can't seem to get by anymore

So tired of these tears I'm crying
Living feels like I'm dying
And I hurt like I never have before

I wish it would go away
I wish it didn't feel like this
I wish I could finally make up my mind
To forget the things I miss

Give me faith to let you go
Is the only prayer I pray
'Cause loving you is something I do every day
I wish it would go away

There's a part of you in every sunrise
Part of you in every song
I come across on my radio

It's just when I'm feeling better
And I've got myself together
Needing you finds a way to take control

I wish it would go away
I wish it didn't feel like this
I wish I could finally make up my mind
To forget the things I miss

Give me faith to let you go
Is the only prayer I pray
'Cause loving you is something I do every day
I wish it would go away

Give me faith to let you go
Is the only prayer I pray
'Cause loving you is something I do every day
I wish it would go away
I wish it would go away
