I wake up, you're on my TV
My coffee cup, morning paper
I see you in everything

Yeah, I'm falling and I'm falling fast
I keep thinking about you
I've got it and I've got it bad
I keep thinking about you

When the sun is burning, when it's burning out
Every time the world is turning
You're all my mind can talk about
Yeah, I'm falling and I'm falling fast

When I'm down you brighten up my day
'Cause even in the darkest clouds
I still see your pretty face

Yeah, I'm falling and I'm falling fast
I keep thinking about you
I've got it and I've got it bad
I keep thinking about you

When my mind is racing, when I clear my head
The only time I get this feeling
Is every time I take a breath
Yeah, I'm falling and I'm falling fast

Yeah, I'm falling and I'm falling fast
I keep thinking about you
I've got it and I've got it bad
I keep thinking about you

When the sun is burning, when it's burning out
Every time the world is turning
You're all my mind can talk about

Yeah, I'm falling and I'm falling fast
I keep thinking about you
I've got it and I've got it bad
I keep thinking about you
I'm thinking about you

I keep thinking about you
