Blue eyes cuttin' through the summer day  
Every red light seems to come from her face  
From the tip of her toes to the top of her curls  
She's a hundred percent American girl

She's my sweet sun angel  
Every bit of summer time  
Never seen her look so fine

My sweet sun angel  
If you ever see her on the street  
You'll know just what she does to me

Just watch her shine  
Yes, she's mine, mine, mine  
She's my sweet sun angel

She's my umbrella in the pouring rain  
She's my shelter in this wild, wild hurricane  
Got a heaven full of stars, shinin' in her eyes  
And I swear I haven't felt so good in my whole life

She's my sweet sun angel  
Every bit of summer time  
Never seen her look so fine

My sweet sun angel  
If you ever see her on the street  
You'll know just what she does to me

Just watch her shine  
Yes, she's mine, mine, mine  
She's my sweet sun angel

Loves me like I'm her tomorrow  
And she's the light that I wanna follow  
Sweet sun angel

She's my sweet sun angel  
Every bit of summer time  
Never seen her look so fine

My sweet sun angel  
If you ever see her on the street  
You'll know just what she does to me

Sweet sun angel  
Every bit of summer time  
Never seen her look so fine

My sweet sun angel  
If you ever see her on the street  
You'll know just what she does to me  
My sweet sun angel
