I'm busted up, all down low  
She's gone for good and I'm the one who messed it up  
I said some things that pissed her off  
She left me here just counting everything I lost  
And all I have is a pocket of change and this hole in the wall

I'm throwing wishes in a whiskey well  
I was trying to get her back as hard as hell  
Oh, there's some magic in this Jack Daniels  
'Cause my beggin', my pleadin' and my tears didn't help  
Oh, it looks like I'm done with throwing wishes in a whiskey well

I set 'em up, hit me again  
And keep them comin' until she comes back again  
Another wish, another round  
And make it fast, fill my glass before all my luck runs out  
I say I'm down with my lost shot if you know what I mean

I'm throwing wishes in a whiskey well  
I was trying to get her back as hard as hell  
Oh, there's some magic in this Jack Daniels  
'Cause my beggin', my pleadin' and my tears didn't help  
Oh, it looks like I'm done with throwing wishes in a whiskey well

Hey, bartender it ain't it workin'  
The well's run dry and I'm still hurtin'  
She's still gone and I'm still here  
By myself, by myself, by myself

I'm throwing wishes in a whiskey well  
I was trying to get her back as hard as hell  
Oh, there's some magic in this Jack Daniels  
'Cause my beggin', my pleadin' and my tears didn't help  
Oh, it looks like I'm done with throwing wishes in a
