Well I remember when I was Young the World had just
begun and I was Happy
I used to wonder about the Earth and how it moved
around the Sun so Snappy
Imagination goin wild makes a very backward child
they told me
So back at school Id sit around just waitin for the Sound
so I could go Home

Sometimes I think about it It happens every day
I should think of the Present cause the Present Now

Well I remember when I was young how one and
Thripence got ya to the Movies
To look Tough we'd Lite a Smoke and very nearly
Choke but we had a real good time
Growin older Meant you get to fly a saber Jet and fight
a few wars
So id just sit there all day and let my mind decay
somethin awful

Sometimes I think about it It happens every day
I should think of the Present cause the Present Now

Well I remember when I was Young I had a secret love
who never knew it
well id do tricks upon my bike that never turned out
right I allways blew it
and the day we had to part I had a broken heart but
couldnt let on
So I spent my Holidays just thinkin of the ways I must
be goin Wrong

Sometimes I think about it It happens every day
I should think of the Present cause the Present Now

SOLO

Well I remember when I was young the Beatles turned
me on I really blew my mind
And we'd carry Jack and Pam we'd go and watch a
band and have a real good time

Then I heard the Blackmans blues they really blew a
fuse inside my head
So with some friends we made a stand and Formed our
first Blues Band it was a real good thing

Sometimes I think about it It happens every day
I should think of the Present cause the Present Now

Well I remember when I was Young Well I remember
when I was Young I Surely do
Well I remember when I was Young Well I remember
when I was Young I Surely do
