Maybe you always learn the hard way
Maybe the only way is through
After all it does just settle
You'll be the only thing I know it's true

Either way, either way
I am running back to you, running back to you
Run away, run away,
Coming running back to you, running back to you
Oh oh oh

Lately surrender isn't weary
But it's surrender all the same
All the spaces you've been filling
After all I'm the one who run away

Either way, either way
I am running back to you, running back to you
Run away, run away,
Coming running back to you, running back to you
Oh

Where I've been all these years with you beside me
I can't believe that you can love me all the same
How far I've grown, who I become, you'll always find
me
After all I'm the one who run away

Either way, either way
I am running back to you, running back to you

Either way, either way
I am running back to you, running back to you
Run away, run away,
Coming running back to you, running back to you
Oh oh oh yeah
I'm running back to you
Running back to you
Oh, run away
Oh, run away
Running back to you

Running back to you
