I will let you down  
When you need me  
I will let you down  
When you don't  
I will let you down  
When you're friendless  
I will let you down  
When your known

Believe me  
It's the hardest thing  
To leave this skin  
And these bones  
But girl I'll try  
A trillion times  
Because I love you alone

I will let you down  
In the summer  
I will let you down  
In the spring  
I will let you down  
When the rains moan  
I will let you down  
When sunlight sings

Believe me  
It's the hardest thing  
To leave this skin  
And these bones  
But girl I'll try  
A trillion times  
Because I love you alone

I love you alone

I will let you down  
With my actions  
I will let you down  
With my tongue  
I will let you down  
With my story

I will let you down  
With my song

Believe me  
It's the hardest thing  
To leave this skin  
And these bones  
But girl I'll try  
A trillion times  
Because I love you

Will you stand  
By the man  
Who was against his skin  
And his bones  
But girl I'll try  
It takes a trillion times  
Because I love you alone
