I could talk until my face turns blue
Goin' on 'bout what I wanna do with you
I'm so tired of being alone, yeah

What do you say we just get out of here?
Hop into my car and disappear
I know you know what's going on, what's going on?
Yeah, yeah

I can't help the way I feel about you now
When everything inside of me is singin' out
Just the way I feel

What would happen if I came real clean
When every girl before has fled the scene?
I guess we'll wait and see, yeah, yeah, yeah, yeah

They say this happens nearly everyday
But not to me and that is why I wanna say, yeah

I can't help the way I feel about you now
When everything inside of me is singin' out, yeah
No I cannot help the way, no I cannot help the way
Cannot help the way, way I feel

I can't help the way I feel about you now
When everything inside of me is singin' out

I can't help the way I feel about you now
It's just the way I feel
When everything inside of me is singin' out, yeah

I can't help the way I feel about you now
When everything inside of me is singin' out
I can't help the way I feel about you now
