What'll she look like when she  
Opens her eyes  
And sees what she wants to see  
Instead of this cold mirrors lies  
And all the pieces complete,  
She says with a sigh  
I think I'm ready

What'll she sound like when she  
Opens her mouth  
And all the phrases sound right  
As they fall out  
And she says yes and she's not  
Scared of the sound  
When she says she's ready

Will she be soft?  
Will she be strong?  
Will she be ready to be wrong?  
Will she move too fast or wait too long?  
Will she look me in the eyes?  
What'll she look like?

What'll she feel like when she  
Opens her heart  
And finds that there just might be  
A small missing part  
And whether with or without me,  
She has to start,  
Getting ready

What'll she look like when she  
Opens her eyes  
And she sees just what I see  
Will it be a surprise  
To find that she hasn't changed  
Her eyes are just a little bit wider now  
She's getting ready

Will she be soft?  
Will she be strong?  
Will she be ready to be wrong?

Will she move to fast or wait too long?  
Will she look me in the eyes?

Will she be soft?  
Will she be strong?  
Will she be ready to be wrong?  
Taking a chance on her own song  
Will she look me in the eyes?  
What'll she look like?  
What'll she sound like?  
What'll she feel like?
