Every time I look at you

You always look so beautiful

Driving on the road again

The chevys packed up

and its dusk

And I would take some photographs

So I can dream of you

Can't say I've felt such a twisting in my heart this
way

We pitch a tent and i wont sleep i just stay awake .

Fires burning , softly singing songs .

So close to you .

Do you believe

In love at first sight

I think you do

We're lying naked under the covers

Those are the best days of my life.

Can't take away those times

We stayed up and we talked all night

Chain smoking cigarettes and

Three bottles of red wine

Falling asleep together
Holding your body close to mine .
Oh and in the morning
Your eyes opened so innocent
The sun is blazing , we are sweaty
You look lovely
Nothing else matters anymore 'cause you're
In my arms again
Do you believe
In love at first sight
I think you do .
We're lying naked under the covers
Those are the best days of my
Those are the best days of my
Those are the best days of my life
Oh Ill never want to be without you
So just stay with me
I will love you endlessly .
Oh darling, darling
Those are the best days of my
Those are the best days of my .. life
Do you believe
In love at first sight
I think you do
We're lying naked under the covers

Those are the best days of my life

Those are the best days of my

Those are the best days of my

Those are the best days of my life
