HEY MR BLUE SKIES

Hey Mr blue skies always up there waiting
You got a million reasons not to let me in
But I wish you would

Hey Mr blue skies
Have I forgotten you number
Wanted to thank you for been there
I'm nervous and am overdrawn
The negative is pouring on
It's pouring on

I need a light
I need a light (And I)
I promise you will burn our bright

Hey Mr. Blue skies don't give up on me
All I need is one more chance
Change it all, I'll change my ways, change my ways

Hey Mr. Blue skies tell you what I'm thinking
If you could only read between the lines
Of what is real and what I'm faking
I'm nervous and am overdrawn
The negative is pouring on
It's pouring on

I need a light
I need a light (And I)
I promise you will burn our bright
I need a light
I need a light (And I)
I promise you will burn our bright, bright

Hey Mr Up there waiting
Conversations with the clouds
Choosing life or death
Deciding what could make or break
A broken man

'Cause I'm nervous and am overdrawn
The negative is pouring on

Pouring on

I need a light
I need a light (And I)
I promise you will burn ooour bright

I need a light
I need a light (And I)
I promise you will burn our briiiight

I need a light
I need a light (And I)
I promise you will burn our bright, bright

I need a light
I need a light (And I)
I promise you will burn our bright.
