Look what I've become
I study the lines on her face
Tell me nothing's wrong
I never meant to act this way again

This might be the end
Nowhere away from everything

Saying goodbye, bye, bye
Trying to find what's right

I wanna tell you
The things I couldn't say
I wish you would listen
I'll tell it to you in my way again

Could this be the end?
Nowhere away from everything, everything

Saying goodbye, bye, bye
Trying to find what's right
Saying goodbye, bye, bye
Trying to find what's right

I wish you could read
What's inside my head
Wish you could look past
The last mistake, hey

Could this be the end?

Saying goodbye, bye, bye
Trying to find what's right
Saying goodbye, bye, bye
Trying to find what's right
