Humming

I never dreamed that we'd be here again
I've said you're perfect, like a thousand times
I've held it in through all your ignorance
And never said that I didn't have the time
Broken hearts don't heal when you're around
I wish we had more strength on solid ground
'Cause I feel like I always let you down
Does that explain it somehow?

When I fall...
Will you catch me when I fall?
Will you catch me when I fall?
Will you catch me when I fall?

I've always dreamed of what our future holds
And no one ever has to second guess
My lady is the one who's always blessed
I hope that one day we may meet again
I was up all night when I thought that you were sick

Crawled through rain to grab your cigarettes
Waited all night when I had some other place to be
Never thought you'd love a guy like me

When I fall...
Will you catch me when I fall?
Will you catch me when I fall?
My heads down when I'm feeling small

Winter's cold in the seasons
New York's got no solid ground
I'm always looking for a reason, to keep my head from
falling down

When I fall...
Will you catch me when I fall?
Will you catch me when I fall?
Will you catch me when I fall?
When I fall...
