Every time I look at you, you always look so beautiful
Driving on the road again the Chevy's packed and it is
dusk
And I will take some photographs so I can dream of you

Can't say I felt such twisting in my heart this way
We pitch a tent and I won't sleep, I might just stay
awake
The fire's burning, softly singing songs so close to you

Do you believe in love at first sight?
I think you do
Lying naked under the covers
Those are the best days of my life

Can't take away those times we stayed up and we
talked all night
Chain smoking cigarettes and three bottles of red wine
Falling asleep together, holding your body close to
mine

And in the morning your eyes open, so innocent
The sun is blazing we are sweaty you look lovely
Nothing else matters anymore 'cause you're in my
arms again

Do you believe in love at first sight?
I think you do
Lying naked under the covers
Those are the best days of my life

Oh, I'll never want to be without you
So, just stay with me, I will love you endlessly

Those are the best days of my life
Those are the best days of my life

Do you believe in love at first sight?
I think you do
Lying naked under the covers
Those are the best days of my life
