Maybe we could drive a little more  
One more song we both could sing  
Then maybe i could be sure of things  
I never try to tell you what you want  
Look at me see what you need  
I couldnt simply let you be

You let down your guard  
That's when i slipped right in  
Take a chance on a little bit of love, a little love  
Throw your caution to the wind  
Let it take away, shake out the worries  
Do it before it's too late, before it's too late

Maybe we could laugh a little more  
One more smile you're feeling things,  
You and I can sense the change, the change  
I speak my feelings a lot, I'm not to proud  
I gotta get to the bottom of what's keeping her around

Cause you let down your guard  
That's when i slipped right in  
Take a chance on a little bit of love, a little love  
Throw your caution to the wind  
Let it take away, shake out the worries  
Do it before it's too late, before it's too late  
Throw your caution to the wind  
Let it take away, yeahhh oh yeah

Cause you spend too much time  
Pretending i don't really care but i do, i do  
I tell you

Throw your caution to the wind  
Let it take away, shake out the worries  
Do it before it's too late, before it's too late  
Throw your caution to the wind  
Let it take away, yeahhh oh yeah  
Throw your caution to the wind  
Let it take away, yeahhh oh yeah
