Bring out the sad songs so everyone knows she has  
gone,  
Not great at so longs, not when we both know what  
went wrong,  
I've been used, i've been used, i've been used and so  
have you

So take photographs down, my room still smells of you,  
Cause I hate the past and the way you bend the truth  
like you do,  
Goodbye, goodbye, goodbye but,  
Can I come too?

Good (?) out for so long, don't get me started, don't  
get me wrong,  
Bursting (?) and breathless, that's where my heart is,  
it's moving along,  
I've been used, i've been used, i've been used, i still  
like you

Here we go...

So take photographs down, my room still smells of you,  
Cause I hate the past and the way you bend the truth  
like you do,  
Goodbye, goodbye, goodbye to you,  
So I say, goodbye, goodbye, goodbye but,  
Can I come too?

Can I come too?

Can I come too?

Can I come too?

So take photographs down, my room still smells of you,  
Cause I hate the past and the way you bend the truth  
like you do,  
So take photographs down, my room still smells of you,  
Cause I hate the past and the way you bend the truth  
like you do,

So take photographs down, my room still smells of you,  
Cause I hate the past and the way you bend the truth  
like you do,

(Repeat to fade)
