Wont You Be my Lover
Sunshine Lover
No Sunshine in youre smile
Sunshine Lover
Wont You Be my Lover
Sunshine Lover
Somethings Taken Over and i dont know what to say
i thought you'd be my lover but you went and walked
away
When we met each other, No sunshine in youre smile
Thought of us together makes my mind run wild

Somethings Taken Over and i dont know what to say
i thought you'd be my lover but you went and walked
away
When we met each other, No sunshine in youre smile
Thought of us together makes my mind run wild

Somethings Taken Over and i dont know what to say
i thought you'd be my lover but you went and walked
away
When we met each other, No sunshine in youre smile
Thought of us together makes my mind run wild
