I pray to you oh great lust god  
For you keep the meaning of the myths  
And I know that you reign  
So I still bow in the presence of your power  
If only I could capture the illusions that you create  
And hold the wonder of the flesh you animate  
This self perpetuated recycled wheel  
Reincarnation of thought  
I'm so sick of it... perhaps even tired  
Look at the circle bite it's tail  
I wish it would swallow itself and fail  
This is nothing but the curse  
Plenty rehearsed
