Rough

Never give up

Oh Oh Oh

Never give up

Yeah yeah

There is a place for us  
so far away  
but it's closer than it was yesterday  
now we are riding  
along the road together  
as one we must stay  
but there's one thing that we can't forget  
and that be

Never give up  
things are gonna get rough  
I've got to keep on movin  
never give up  
I can't say it enough  
we've got to keep on movin  
Never give up  
things are gonna get tough  
never give up  
I've got to keep on movin  
never give up  
I can't say it enough  
we've got TO

A trial and tribulation  
cannot get in our way  
we've won though  
and that's going to play?  
fussing and fighting  
no longer has a place  
we've got no time to waste  
but there's one thing that we can't forget  
and that be

Never give up  
cause things are gonna get rough  
I've got to keep on movin  
never give up  
I can't say it enough  
we've got to keep on movin  
Never give up  
cause things are gonna get tough  
I've got to keep on movin  
never give up  
I can't say it enough  
we've got to keep on movin  
FORWARD!
