Excuse me where you from?  
I definitely know you.  
A chance I could be wrong.  
And you are a stranger.  
Before I move along,  
Tell me where I know you from.  
Maybe I am mistaken,  
Maybe you'll stay a stranger.

It's alright,  
I'm the innocent type you can talk to.  
It's ok,  
The inquisitive type don't walk away.  
I sing ahhhhhh.  
Make me sing ahhhhhhhh.

Familiar vibe within you,  
It's what I recognize.  
Familiar vibe within you  
Makes me sing ahhhhhh.  
Sing ahhhhhhhh.

Excuse me where you from?  
(Get to know you)  
I definitely know you.  
(Then I'll show you)  
A chance I could be wrong.  
(Move along)  
And you are a stranger.  
Before I move along,  
(Get to know you)  
Tell me where I know you from.  
(Then I'll show you)  
Maybe I'm mistaken,  
(Move along)  
Maybe you'll stay a stranger.
