big cars...intro music rises  
lights out...underneath disguises  
we'd give anything to feel it  
we are the ones...begging for more...haunted and  
living  
and we're breathing...and we're dreaming  
you smile...serving to remind me...  
that when lights go out...you going to find me  
you'll be the one...holding me close...reaching into me  
and we're breathing...and we're dreaming

we are the ones...begging for more...can you feel it?  
and we're breathing...and we're dreaming
