Check, two two three!
I came onto the scene as a smuggler,
Look at my credentials, hyperdrive's essential to my
ride!
Dwellin' on my past has never been my show
Everyone who's served knows the Empire's gotta go!

Hey! I think about the time
When my partner in crime was in a bind
That's when I saw the sign
Now I fly with a tall, furry guy
And I'm runnin' spice for a slug on Tatooine

(Hey!) Got a charter!
(Hey!) Got a charter!
(Hey!) Got a charter!
(Hey!) Got a charter!
(Hey!) Got a charter!
(Hey!) Got a charter!
(Hey!) Got a charter!
(Hey!) Got a charter!

Bootleg materials, aren't those Imperials?
I dumped the spice, now I'm the laughing stock of the
underworld
You would think I'd find another trade
I made the Kessel Run, dude, it was a lot of fun- NOT!
Now I'm lookin' to my homey, why's he chattin' with
Kenobi? He don't know me anyway
Hey man, it's work. I got a debt to pay
I'm employed to ship this R-2 droid!

I did it all with the Wookie! (c'mon)
The wookie (c'mon)! So you can tell your sookie,
That this is what he says!
This is what he says!
This is what he says!
This is what he says!
I did it all with the Wookie! (c'mon)
The wookie (c'mon)! So you can tell your bookie,
That this is what he says!
This is what he says!

This is what he says!
This is what he says!

Well, took a bitchin' trip, huh
In my freighter ship, yeah
Won it from a pal in a Sabbacc match
And I'm the only one who didn't know there'd be a
catch!
Alderaan is blown away, its gone
and the tractor beam is buggin' on us!
You know what's more, Vader's at the door and he's
lookin' sore!
So we hid under the floor!
Now here in the bay,
we couldn't get away
so I proposed we stay
'til Kenobi saved the day!
Now back in outer space, with the Death Star's homing
trace
We reached the rebel base
Take my cash and ditch this place!

I did it all with the Wookie (c'mon)
The wookie (c'mon)! You know he ain't no rookie!
And this is what he says!
This is what he says!
This is what he says!
This is what he says!
I did it all with the Wookie (c'mon)
The wookie (c'mon)! You know he ain't no rookie!
And this is what he says!
This is what he says!
This is what he says!
This is what he says!
