He's got an explosive strapped to his chest  
Finger on the trigger of the detonator  
Ready to blow this fair city to bits  
I think you should be scared by now?  
Because blood will be spilt  
If he starts counting down  
All of the lost souls will be lost

He is going to blow this city apart  
If you don't meet his demands  
With a C4 on his chest  
and a trigger to a nuclear weapon  
on the ready.....  
Can, anyone stop him....

First shoot him in the head  
,stop him before he falls  
,because he will explode the city....  
, destroy hell's finger or the detonator....?  
to save this fair city

He is going to blow this city apart  
If you don't meet his demands  
With a C4 on his chest  
and a trigger to a nuclear weapon  
on the ready.....  
Can, anyone stop him....

He's got an explosive strapped to his chest  
Finger on the trigger of the detonator  
Ready to blow this fair city to bits  
I think you should be scared by now?  
Because blood will be spilt  
If he starts counting down  
All of the lost souls will be lost

He is going to blow this city apart  
If you don't meet his demands  
With a C4 on his chest
