I never cried the way I cried over you  
As I put down the telephone and the world it carried on  
Somewhere else, someone else is crying too  
Another man has lost a friend, I bet he feels the way I  
do  
And now I'm left without, but you're here within  
As I watch the sun go down, watching the world fade  
away  
All the memories of you come rushing back to me  
As I watch the sun go down, watching the world fade  
away  
All I want to do is kiss you once goodbye

Summer comes, I remember how we'd march  
We'd march for love and pride, together arm in arm  
Tears have turned, turned to anger and contempt  
I'll never let you down, a battle I have found  
And all the dreams we had, I will carry on  
As I watch the sun go down, watching the world fade  
away  
All the memories of you come rushing back to me  
As I watch the sun go down, watching the world fade  
away  
All I want to do is kiss you once goodbye, goodbye  
Goodbye, goodbye

And all the dreams we had, I will carry on  
As I watch the sun go down, watching the world fade  
away  
All the memories of you come rushing back to me  
As I watch the sun go down, watching the world fade  
away  
All I want to do is kiss you once goodbye, goodbye  
Goodbye, goodbye
