

Matthew Good "Big City Life"

Visit "[Big City Life](#)" on MotoLyrics.com

Caught your eye, you are my street light
Throw off your blues and use your red and whites
And waves to caution your days and nights
And wandering and wandering and wandering

Carolina was a gambler
So she came into the city
There she died when she was twenty one
'Cause big city life is fun, yeah, big city life is fun

Tough it out

Cut your heart out, you are my star light
Tear down the blues and fly your red and whites

I swim with the fishes 'cause the fish are alright
Oh my, my just to get you to bite
I swim with the fishes 'cause the fish are alright
Oh my, my just to get you to bite

Carolina was a gambler
So she came into the city
There she died when she was twenty one
'Cause big city life is fun
Yeah, big city life is fun

I swim with the fishes 'cause the fish are alright
Oh my, my just to get you to bite
I swim with the fishes 'cause the fish are alright
Oh my, my I've been wandering
Been wandering, been wandering

Carolina was a gambler
So she came into the city
There she died when she was twenty one
'Cause big city life is fun, yeah, big city life is fun

Yeah, yeah
