How now are you gone awry?  
How now are we back here tonight?  
That's all there is  
Roll the dice  
This is all there is  
Roll the dice

How now baby is a little bit enough of it  
When you live a double life?

How now are you going to bite both hands?  
That's all there is  
Roll the dice  
This is all there is  
Roll the dice

How now baby is a little bit enough of it  
When you live a double life?

Well I knew but I've forgotten  
Because everyone keeps asking  
How come they feel so terrible  
If terrible is in fashion
