I miss my head, miss my heart
Miss my lungs
Be what you wanna be, watch what you wanna see
Killed for fun

Down a hole, up a rope
Down some pills, up some hope
This karma machine only takes quarters
New age soldier, new age soldier

Everybody's alright
Everything is automatic
And everybody's alright
Everything is skin deep

Everybody's alright
And everything is automatic
Everybody's alright
And everything is skin deep, me

Say hey, say hey
Say how ya doing
Say hey, say hey
Say how ya doing

I miss my lazy boy, I miss my TV
I miss myself
Do you miss your lazy boy? Do you miss your TV
Do you miss yourself?

Everybody's alright
Everything is automatic
Everybody's alright
And everything is skin deep

Everybody's alright
Everything is automatic
Everybody's alright
And everything is skin deep, me

It's always what I wanted
It's always what I wanted

It's always what I

Killed for fun
It's fucking funny, don't you think?
One day you'll decompose
And you wake up and those

Those birds are singing
Those birds are singing
Those birds are singing

It's always what I wanted
It's always what I wanted
It's always what I, it's always what I

Everything is skin deep
