I'm tired of blood and over priced bubble gum, mom
Nobody wake up, there's nothing you could have done
wrong

I'm wearing the same grin, I take it all on the chin
I still believe everything that I read

And sometimes it's hard, sometimes it's harder
Sometimes it's on sale, sometimes it never fails
Well, I have a psychic and she says I'm lonely
She says my destiny is turning out all wrong

So now I just sit here
And think of meaningful things to say

Symbolistic white walls
Surround me and you
Every single day
I am cheap and see through

Symbolistic white walls
Surround me and you
Every single day
I am cheap and see through

Tired of blood and over priced bubble gum
Nobody moves and nobody gets hurt for very long
I'm wearing the same skin, I take it all on the chin
I still believe everything that I hear

Sometimes it's easy, sometimes it's easier
And sometimes it's all free, sometimes it's all free
And I have a psychic and she says I'm lonely
She says inside of me is turning out all wrong

So now I just sit here
And think of meaningless things to say

Symbolistic white walls
Surround me and you
Every single day
I am cheap and see through

Symbolistic white walls
Surround me and you
Every single day
I am cheap and see through

It's all right now
Take the world and make it yours again
It's all right now
Take the world and make it yours again

It's all right now
Take the world and make it yours again
It's all right now
Take the world and make it yours again
Yours again, yours again, yours again
