I start the day
Picture a house on fire
Inside these guys they try to put it out

I go downstairs
Rub my eyes and stand there
Wonder why I can't just kick them out
If I'm the crazy one then what the fuck's with everyone else?

Gotta gotta wait for it
Wait for it, wait for it, wait
Gotta gotta wait for it
Wait for it, wait for it, wait
Gotta gotta

Dare you walk out the door?
Walk out the door, walk out the door, walk out the door
Dare you walk out the door?
Walk out the door, walk out the door, walk out

Baby, you gotta do what you gotta do
Oh
Baby, you gotta do what you gotta do
Oh

[What if I can't see the stars, Mildred?]

I end my day
Picture a house on fire
On fire, on fire, on fire
