don't move, stay right where you are

talking can only give you away

and there's so nothing to say

the voices say hello

imprisoned, they're invisible

but we look a lot alike

this is boring, all we talk about is you

come on give me a reason

a boy and his machine gun

when you're finished stuggling

are you free tonight?

did they stick you in here

cause you weren't working right?

don't move stay just like you are

you look sane motionless like that

so very flat

it's amazingn what velocity can do

when human beings are in season

a boy and his machine gun

if you're quiet we might see some

when you're finished stuggling

are you free tonight?

did they stick you in here cause you weren't working
right?

there's a TV in every room

and it's free even pay-per-view

which you'll need if no one's going to visit you

Animal

i know who you're waiting for

no one's coming though

so fuck you and your principals

and fuck whatever made me

perhaps you think i'm evil

perhaps you think i'm crazy
