Here it comes, and there it goes  
Another day of decomposing light  
In a world called catastrophe  
My native tongue is blasphemy  
So its the one I'll write

Baby can you feel it?  
Don't it make you wanna lay down  
And close your eyes?

Baby can you feel it?  
Don't it make you wanna lay down  
And close your eyes?

Remember how we started?  
Cause since then I'm a waste  
Since then I'm a fool  
Since then I'm a dog  
In a world called catastrophe  
Since then I'm a waste

Here it comes and there it goes  
Another day of getting up to fight  
In a world called catastrophe  
My native tongue is blasphemy  
So that's the one I'll write

Baby can you hear it?  
Don't it make you wanna wake up  
And open your eyes?

Baby can you hear it?  
Don't it make you wanna wake up  
And open your eyes?

Remember how we started?  
Cause since then I'm a waste

Remember how we started?  
Cause since then I'm a waste

Remember how we started?  
Cause since then I'm a waste  
Since then I'm a fool  
Since then I'm a dog  
In a world called catastrophe  
Since then I'm a waste
