Deep six
Come to bare
Goodnight and take care
Who knows
Maybe our luck could change

Polyurethane
People live in the rain
Who knows
Maybe our luck could change

And I don't know, I don't know
I don't know where you think you are
And I don't know, pretend to know
I don't know where you think you are
And I don't know, I don't know
And I don't know where you think you are

Big crash
Funny car
Is where you've been
Where you are
Think fast
And kill what you cannot change

Still though
This is fun
Find a box
When I'm done
Who knows
Maybe our luck could change

And I don't know, I don't know
I don't know where you think you are
And I don't know, pretend to know
I don't know where you think you are
And I don't know, I don't know
And I don't know where you think you are

Deep six
Come to bare
It's midnight everywhere

Who knows, who knows

Polyurethane

People live in the rain

Who knows

Maybe our luck could change

Maybe our luck could change

And I don't know, I don't know

I don't know where you think you are

And I don't know, pretend to know

I don't know where you think you are

And I don't know, I don't know

And I don't know where you think you are
