Goodbye my old friends  
Silent word lost in the end  
Think it fast and just pretend  
It's a break in the rhythm  
And just a colorful on how I feel  
You need room for it to heal  
A quick shuffle and a dark appeal  
A break in the rhythm  
So happy to be here  
Driving in your sorrow  
If there is any bad news  
Baby it can wait till tomorrow  
To late to set you free  
Or to deep inside of me  
Like two worlds in harmony  
Like a break in the rhythm  
And how I feel  
Is like a child in a foreign place  
Far to alone, far to alone  
To face the fear that I have to face  
And how I feel  
Is like a burning a sun behind clouds a grey  
Far to alone, to far away  
To say the words I need you to hear me say  
My love, she's still away  
But I talk to her yesterday  
And the only thing I heard her say  
Was I love you  
Goodbye to mystery  
You know, I cant live with what I cant be  
Why is it so hard for everyone to see that there's been  
A break in the rhythm  
A break in the rhythm
