Venus was a fly trap
The man you love devoured
I used to dream about your sister
Standing in the shower
But I was never cool
You thought I was a cowboy
I wonder where my gun is
Can you spare a bullet, senorita?

I will always be the worst
I will always be the worst

Generation X-wing
That's got to be the death star
I used to dream about the future
I used to dream about a lot of things
But I was never cool
So you can call me loser
Yeah you can call me anything
You want to senorita

I will always be the worst
I will always be the worst

Venus was a fly trap
The man you love devoured
I used to dream about your sister
Fucking me in the shower
But I was never cool
So you can call me loser
Yeah you can call me anything
You want to senorita

I will always be the worst
I will always be the worst

Haven't Slept In Years
Make me your animal
Make me your freak
And I will pack them in
It's understandable
After all you're only human

All this time it's been killing me
All this time it's been caving in my head
Killing me
Alive, alive, alive
You're dead
