I'm taking you somewhere I promise
But if anybody asks you
The cheque is in the mail
I bought some new clothes
for my debut in the city
And some rope if I fail

I'm taking you somewhere I promise
But if anybody asks you
you never heard a thing
And if in the end this can't get me
what I'm asking
Then you never heard me sing

So go fly blind through a pinhole in the night
Go fly blind with the saviours of tomorrow
Go fly blind I do believe that it's alright
To go fly blind
Go fly blind

Tonight do you think we could be human?
Do you think that we could pretend that we don't really
care?
And if anyone asks you why you took your mask off
Just say you were never really there
And you can walk tragically into the distance
And I can stand here crying in the rain
And if anybody asks you if it ever made me crazy
Just say I thought it was boring to be sane
One word to rule them all I'd say

The one you never said
The one that makes you pay
Go on and live without
The memory of yesterday
Hoping hoping hoping hoping

Go fly blind through a pinhole in the night
Go fly blind with the saviors of tomorrow
Go fly blind I do believe that's its alright
To go fly blind
Go fly blind

Go fly blind through a pinhole in the night
Go fly blind with the saviors of tomorrow
Go fly blind I do believe that's its alright
To go fly blind
Go fly blind

Go fly, fly blind
I'm taking you somewhere I promise
But if anybody asks you the cheque is in the mail
I got you some roses and a card without a saying
And some rope if you fail
