Well this is it
So where it's at
Monomaniacs
Baby you know it's all we're good for

Drugs for the kids
If the kids are flat
All dressed up to match
Those shit eating grins look effortless

And if there's nothing left to die for
And all this our beauty is just decay
And if there's nothing left to fie for
Then you and me,
Let's go out going all the way

Well this is it
So where it's at
Megalomaniacs
Baby you know it's all we're good for

Those missile men
With their master plan
Don't get paid to understand
Makes you wonder where we got these shit eating grins
from

And if there's nothing left to die for
And all this our beauty is just decay
And if there's nothing left to fie for
Then you and me,
Let's go out going all the way

Dreams of the sea
Caught way inland
Cut as losses, we'll cut our losses
We'll cut our loss

And if there's nothing left to die for
And all this our beauty is just decay
And if there's nothing left to fie for
Then you and me,

Let's go out going all the way
