This is a commercial for my army and my navy
This is a rehearsal for all the empty promises I will be
and I won't let you down
done letting you down

This is a commercial for freedom while freedom is in
Hades
This is a rehearsal of incoherent double talk and
maybes
And it won't let you down
Done letting you down

It's okay to be their disappointment baby
It's okay to fly the flag
It's okay to be my disappointment baby
It's okay to fly the flag

This is a commercial for my army and my navy
This is a rehearsal for all the empty promises I will be
and I won't let you down
done letting you down
